

Welcome to MI India Exim !

We are chennai based Merchant Exporter started with a mission to export Indian made products of very good Quality at nominal Price ensuring timely Delivery. We have valid IE code from Govt. of India and certificates from prominent export councils like APEDA & FIEO for exporting goods from India as well as importing goods into India. Our products include variety of Basmati Rice, Onion, Garlic, Potato and Others. We procure all these products from reliable vendors in the industry so that client's satisfaction is guaranteed.

Quality, Packaging & Delivery

Our agricultural products are assured of being cultivated and processed under hygienic condition. The packaging of all these vegetables are done in moisture free bags which give long shelf life to the products. Our strong and reliable tie-ups with different logistics teams enable us to perform shipping goods in a timely manner.

Why Choose MI India ?

We conduct the export business with our own values and principles to ensure utmost customer satisfaction. Some of the appreciations which we have received from the customers are as follows.

- ★ Business Integrity.
- ★ Transparency in all dealings.
- ★ Competitive Price Range.
- ★ Skilled Workforce.
- ★ Reliable Vendor Network.
- ★ Excellent Quality of Products.
- ★ Promised Delivery in time.
- ★ Customer Care and Satisfaction.

MI India Memberships

- ★ MI India has memberships associated with prominent Indian export councils like APEDA and FIEO. Also we are the member of large Indian B2B web portals like TradeIndia and IndiaMart.

- ★ We have valid IE code and are authorised to export agricultural goods to other countries and Import other goods into India.

Vendor Selection

We procure all the products from the reliable and genuine suppliers who can continuously provide the quality products at affordable price range. We choose the vendor based on the grounds of their Quality of Product, Financial Dealings and their ability to supply bulk quantity of goods at the particular time.

Packaging & Warehousing

The packaging is done purely based on the customer's expectations. We offer different types of packing and we have set up a sophisticated packaging unit where our efficient packaging team utilizes best quality packing material to pack products in bulk quantities into various quantitative measures as per the specific requirements of clients.

We have invested on a large warehousing facility that is built to accommodate sourced products in bulk quantity. Our warehouse is duly segmented into separate product storage sections and is equipped with all requisite amenities. Proper safety and fire extinguishing measures are installed in the building to prevent and control unexpected disasters.

Our stand towards Quality

We can compromise on profit margin but cannot over the quality of products for exports. We have a separate team of quality controllers at supplier end to check the quality before procuring products and monitor till the shipment of the products. The team also ensures that agricultural products are cultivated and processed under hygienic condition. Further, these are hygienically stored in our warehouse under appropriate conditions. We also provide paid samples at product cost for assuring the quality of our products to attain utmost client satisfaction.
